Information Brochure for Counseling:
For the Candidates ranked in JEE(Main)-2018 from other States excluding West Bengal

1. INTRODUCTION

Ghani Khan Choudhury Institute of Engineering & Technology (GKCIET), Malda, West Bengal was established in 2010 by Ministry of Human Resource Development, Govt. of India. The Institute is located at Malda, West Bengal with the bordering districts of Bihar, Jharkhand and North Eastern states. Ghani Khan Choudhury Institute of Engineering & Technology (GKCIET), Malda was established with the objective to create a multi-layered inter disciplinary and inter-sectorial efficient professional technical manpower to act as an international podium for the development and transfer of technical competence in academics. It is committed to provide best possible technical education at grass route level and to cater to the specific needs of women, school dropouts and other disadvantaged sections of society by organizing a large no of short/long term skills orientation programs for economic upliftment and inclusive growth of society. It was formulated that the institute, besides catering to the needs of formal education would undertake the non-formal education to prepare the skilled and qualified manpower for self-employment. Further, the institute would take up a strategic research and development activities which along with entrepreneurship will help in extending the efforts of the institute in imparting education to the unemployed and working population by updating and upgrading their technical skills. GKCIET is devoted to provide leadership, organizational expertise, technical assistance and the other resources required to meet the demand.

2. LOCATION

The institute is located at Narayanpur, Malda and being developed in a sprawling area of about 101 acres of land at a distance of about 14 km from Malda central railway station and 0.7 km from the 34 No National Highway.

3. STATUS

The Institute is an autonomous body, and established & fully funded by the Ministry of Human Resource Development (MHRD), Government of India.

4. OBJECTIVES

Ghani Khan Choudhury Institute of Engineering & Technology (GKCIET) is conceived of the following:

A. EDUCATION AND TRAINING

To offer flexible multi-point entry programs in engineering and technology.

➢ To promote self-employment in all programmes by introducing an element of entrepreneurship, providing guidance and counseling services to help students to take up self-employment ventures.

➢ To develop enabling framework to implement national policy on skill development

➢ To offer Non-formal skill development programme to strengthen the scope of employment & self- employment and entrepreneurship development

➢ To provide technical education facilities for women, school dropouts and other disadvantaged sections of society through specially designed courses.

➢ To offer continuing education programme for working personnel from industries at different levels to meet the requirements of the industry/ trade.

B. RESEARCH & DEVELOPMENT

➢ To conduct action research in TVET sector and Science & Technology.

➢ To prepare the students incapable of initiating & managing development activities in the region, hence the programme will lay emphasis on developing relevant & appropriate technical & vocational skills.

➢ To promote Institute and Institute – Industries interactions by sharing resources for sustainable development of the region in particular and India as a whole.

C. EXTENSION SERVICES

➢ Industries in the neighbourhood and in the region.
➢ Working personnel.
➢ Passed out students.
➢ I.T.I.s and Polytechnics.
➢ Research and other institutes of higher learning.

D. GOAL

➢ SHORT TERM GOAL

Dissemination of technical knowledge and skill, inculcate entrepreneurship trait among rural youths using both formal as well as non-formal mode so that they could contribute in the sustainable development of the region in particular and India as whole.

➢ LONG TERM GOAL

Institute is to become fountain-head in providing technological excellence in academics through formal/non-formal Technical Education, Entrepreneurship & Research to meet the changing global needs of the society by transforming itself into Technical Vocational University.

Ghani Khan Choudhury Institute of Engineering & Technology, Malda

5. STRUCTURE OF 4-YEAR DEGREE (B.TECH) PROGRAMS

The Institute is aimed to offer education in emerging areas of Engineering and Technology through Diploma, Degree and Higher modules.
